## What is a CCBHC?

A CCBHC provides timely behavioral health assessment, treatment, and targeted case management services to youth (13+) and adults. Siyan's goal is to provide culturally appropriate services that meet the client's needs through linkage to a variety of services in the community.

## ABOUT SIYAN CLINICAL

We provide our patients with the highest quality psychiatric care in a respectful and compassionate atmosphere, with a belief in the innate value of every individual, regardless of his or her accomplishments or failures. Our mission is to improve care for people with mental disorders and their families through tailored treatment, research, professional education, and excellent clinical care.

Siyan is the largest outpatient mental health & research facility in northwestern California, serving over 4,300 patients across six counties. Siyan is located in Santa Rosa, California and provides treatment to patients living in Sonoma, Lake, Mendocino, Napa, Solano and Marin Counties. We serve a diverse adult and adolescent patient population and are currently accepting new patients.
